

EduGenie Brainstorming and Idea Prioritization

Project Name

EduGenie Google Gemini Powered Learning Assistant

Problem Ideas

Idea	Problem Solved	Impact	Effort	Priority
AI question answering	Learners need quick explanations	High	Medium	1
Concept explanation	Difficult topics are hard to understand	High	Medium	2
Quiz generation	Learners need self-assessment	High	Medium	3
Text summarization	Study materials are lengthy	High	Medium	4
Learning roadmap	Learners do not know what to study next	High	Medium	5
Voice assistant	Learners want hands-free learning	Medium	High	6

Selected Idea

EduGenie was selected because it combines question answering, concept explanation, quiz generation, text summarization, and personalized learning roadmaps in one educational assistant.

Target Users

- School students
- College students
- Self-learners
- Teachers
- Educational content creators

Value of the Idea

EduGenie helps users learn faster by providing simple explanations, practice questions, summaries, and structured learning plans using Google Gemini.
